

## Axle Tech Parts

The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for quality, service, technology and delivery. They believe in working in an environment which encourages the utmost integrity with empowered collaboration, combined with a unyielding pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of ecological safety and stewardship in how they do business. The company has put various programs in place in order to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whichever questions or comments, since they are happy to share and promote this policy with a greater understanding of their efforts. They are extremely dedicated to improving and preserving the natural environment. AxleTech has an EHS program which not just protects the environment but which even actively protects their neighbors and employees as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles utilized for both commercial and military applications. These applications vary from airport ground support to construction equipment. AxleTech particularly designs axles in order to meet particular application demands. They have more than 1000 various axle specs in their current offering. With more than one hundred years of history and knowledge, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The company is well known in numerous commercial and military applications. They offer complete axle assemblies for aftermarket replacement requirements, along with servicing axle requirements for OE production. Their high mobility ISAS have added details that can be seen in the "ISAS" product collection.
