

Lull Telehandler Parts

Lull telehandlers have been providing precision load placement since 1959. Whether the work requires landing loads on scaffoldings, transferring loads or positioning heavy steel, utilizing a Lull telehandler would really help make the task go easier and faster. These units are available with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. Different optional attachments is accessible for Lull telehandlers to be able to help complete any work.
