

TCM Forklift Parts

Forklift trucks are a major player in the material handling field of each international industry. Transporting industrial goods occurs every day on our hectic planet. Initially innovated as industrial vehicles in the 1930s in America, forklifts gained recognition after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation with the business. TCM began building lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures several models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products used and recognized all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading company.
